through its rich foray into popular literary culture and medical history this book investigates representations of regular and irregular medical practice in early modern england focusing on the prolific figures of the barber surgeon and barber surgeon the author explores what it meant to the early modern population for a group of practitioners to be associated with both the trade guilds and an emerging professional medical world the book uncovers the differences and cross pollinations between barbers and surgeons practices which play out across the literature we learn not only about their cultural civic medical and occupational histories but also about how we should interpret patterns in language name choice performance materiality acoustics and semiology in the period the investigations prompt new readings of shakespeare jonson middleton and beaumont among others and with chapters delving into early modern representations of medical instruments hairiness bloodletting procedures waxy or infected ears wart removals and skeletons readers will find much of the contribution of this book is in its detail which brings its subject to life

first drafted in 1989 a quote from the book about what would happen to the us when feudal language speakers swarm into this once good quality english nation this was written around 1990 a stage may come at least in certain areas where the innate resilience of the

english structure may be severely tested and cause much distress to the individual persons and can in a matter of time cause domino effect on many other areas causing strange happenings of technological failure inefficiency conflict hatred events that may be described with shallow understanding as racially motivated decent and peaceful persons acting with unnatural violence etc rude officialdom arrogant and trigger happy police increasing corruption insolent attitude to persons who are judged to be doing lower jobs time consuming judiciary rules and regulations which are laughable in meaning but having a sting from which many get hurt and a general feeling of hopeless for the solitary individual as against the might of the society are all general characters of the effect of feudal languages what has to be borne in mind is that feudal languages do have elements in them which aim at subjugation and where they fail to do so they may at least cause deep mental hurt and that too in an extremely soft and inconspicuous manner that it may not be discernible to another person other than the person who felt it though persons who do not know these languages may not actually understand the full significance of each and every word they may be able to sense the negativity from the body language of the person who says the words and of the other s of the same language who may actually understand it beyond all this there may be a factor of mental waves or energy which may radiate along with the words which may have a deeper effect than is currently understood it could all lead to a lot of side effects possibly due to a sort of domino effect and the effect need not be at the place the disturbance took place examples could be unexplainable road rages air rages shooting of colleagues and so many actions with criminal overtones by seemingly decent persons you should read this book also the shrouded satanism in feudal languages tribulations and intractability of improving others
