a detailed look at the architecture and construction of the great pyramid of giza features information on its occult meanings and mysteries and includes forty black and white illustrations

what if everything you thought you knew about the great pyramid of giza was wrong could there be more to this ancient wonder than just a tomb for a long dead pharaoh for thousands of years the great pyramid has stood as a symbol of egypt's power but what if it was built by an entirely different civilization one with knowledge skills and technology far beyond what we have been taught in who really built the pyramids we venture deep into the mysteries that have baffled experts for centuries from the unexplained absence of pharaoh khufu's remains to the stunningly precise construction methods used to create the pyramid this book uncovers the questions that mainstream egyptology refuses to answer could the great pyramid have been built with advanced tools and technologies that have been lost to history what role did the end of the ice age play in shaping ancient civilizations journey through hidden chambers sealed doors and ancient secrets that suggest the pyramid builders may have been part of

an even older forgotten civilization a civilization that possessed knowledge that has been buried suppressed or intentionally hidden from the public eye this eye opening exploration reveals the advanced astronomy lost technologies and hidden truths that could rewrite our entire understanding of ancient egypt and human history who needs to read this book history enthusiasts eager to question the established narrative of egypt s past curious minds fascinated by the mysteries of ancient civilizations anyone who has ever wondered how the pyramids were truly built and who really created them readers who love uncovering hidden truths and exploring alternative theories that challenge conventional wisdom what s inside discover the shocking discrepancies in the official story of the great pyramid s construction explore the role of advanced knowledge in the pyramid s design what the egyptians might have inherited and what we still don t understand unearth theories that challenge the established timeline of egypt s rise and the influence of a lost civilization learn about new technologies like muon radiography that could one day reveal the pyramid s deepest secrets this isn t just another history book it s an invitation to reconsider what you ve been told to peel back the layers of time and to explore the real story behind one of humanity s greatest achievements ready to uncover the truth who really built the pyramids will keep you on the edge of your seat eagerly awaiting each new discovery click buy now to dive into the greatest mystery ever told and unlock the secrets hidden within the world s most iconic monument

this book uncovers the prophetic meaning and the extraordinary story of the construction of the great pyramid solving the mysteries of how and why was it built that still today stun so many the story is packed with exciting descriptions full of lively recounting and dialogues taking the reader to the very scenery and happenings that unfolded at that time

can the new age laugh at itself you ll find out in this playful romp through its lighter side discover reincarnation life insurance do it yourself firewalking astral projection tours and more

egyptomania takes us on a historical journey to unearth the egypt of the imagination a land of strange gods mysterious magic secret knowledge monumental pyramids enigmatic sphinxes and immense wealth egypt has always exerted a powerful attraction on the western mind and an array of figures have been drawn to the idea of egypt even the practical minded napoleon dreamed of egyptian glory and helped open the antique land to explorers ronald h fritze goes beyond art and architecture to reveal egyptomania s impact on religion philosophy historical study literature travel science and popular culture all those who remain captivated by the ongoing phenomenon of egyptomania will revel in the mysteries uncovered in this book

robert langdon returns in dan brown s brilliant new thriller the secret of secrets available now the bestselling continuation of global phenomenon the da vinci code featuring symbologist robert langdon the capitol building washington dc harvard symbologist robert langdon believes he is here to give a lecture he is wrong within minutes of his arrival a shocking object is discovered it is a gruesome invitation into an ancient world of hidden wisdom when langdon s mentor peter solomon prominent mason and philanthropist is kidnapped langdon realizes that his only hope of saving his friend s life is to accept this mysterious summons it is to take him on a breathless chase through washington s dark history all that was familiar is changed into a shadowy mythical world in which masonic secrets and never before seen revelations seem to be leading him to

a single impossible and inconceivable truth

while in egypt to help your uncle bruce you the reader choose which adventures you will experience while investigating a theory about the ancient pyramids

the great pyramid mysteries abound for example why was the subterranean chamber apparently abandoned and yet it is larger than the queen s chamber and the king s chamber combined why is there a pit in the floor of the subterranean chamber and why does the narrow passage that snakes south off the subterranean chamber come to a sudden end after 53 feet why was sand from the sinai hidden behind the wall of the horizontal passage to the queen s chamber and why is there a sudden drop in that passage why was the grand gallery built so large in comparison to the ascending passage and why are the slots in the ramps of the grand gallery empty why was the antechamber to the king s chamber built with both limestone and granite blocks and what purpose could the so called granite leaf have served egyptologists pyramidologists and others outside these two camps have attempted to explain such anomalies their theories are examined and compared to a new vision that answers not just some of the questions about the great pyramid but all of them as revealed in books written in stone enoch the seer the pyramids of giza and the last days

exploring the living universe and intelligent powers in nature and humans author edi bilimoria heralds the new science of consciousness and offers the readers a roadmap and necessary tools to achieve future growth presented in three volumes plus volume iv contains references resources further reading they reveal the unity of the eastern and western branches of our perineal wisdom bilimoria shows how science seeks truth using a synthesis of both traditions evidence from a wide range of sources scientific medical philosophical religious and cultural is put forward to argue the case that humans are spiritual beings primarily and not merely complicated biological machines bilimoria teaches that consciousness is not the product of matter but the primary element from which all else emanates this process and its underlying mechanisms are described in detail with much clarity this work has over 2000 references and is supported by copious tables and diagrams plus individual chapter summaries and sidenotes to assist readers in navigating the multidimensional terrain traversed key areas the scientific and esoteric worldviews compared and contrasted the ultimate promise of science the soft and hard problems of consciousness how external input to the physical senses results in an internal subjective experience quantum physics its contribution to a new scientific paradigm the mystery teachings of all ages their worldwide unity and central message wet computers and computers is the brain no different in principle from a computer death and after the transition and continuity of consciousness in other realms paranormal phenomena and apparitions subtle bodies evolution and destiny powers latent in human beings divinity and the united message of all world religions the question of immortality the primacy of consciousness and the manner of its unfoldment from the unmanifest realms to the physical world edi bilimoria s guest appearance on the shepheard walwyn podcast series can be found on this link [shepheardwalwyn.com](http://shepheardwalwyn.com) edi bilimoria unfolding consciousness why sapolsky is wrong and how to get in tune with life

the great pyramid mysteries abound for example why was the subterranean chamber apparently abandoned and yet it is larger than the queen s chamber and the king s chamber combined why is there a pit in the floor of the subterranean chamber and why does the narrow passage that snakes south off the subterranean chamber come to a sudden end after 53 feet why was sand from the sinai hidden behind the wall of the horizontal passage to the queen s chamber and why is there a sudden drop in that passage

why was the grand gallery built so large in comparison to the ascending passage and why are the slots in the ramps of the grand gallery empty why was the antechamber to the king s chamber built with both limestone and granite blocks and what purpose could the so called granite leaf have served egyptologists pyramidologists and others outside these two camps have attempted to explain such anomalies their theories are examined and compared to a new vision that answers not just some of the questions about the great pyramid but all of them as revealed in books written in stone enoch the seer the pyramids of giza and the last days

the great pyramid of giza is the oldest and largest of the pyramids in the giza pyramid complex bordering present day giza in greater cairo egypt it is the oldest of the seven wonders of the ancient world and the only one to remain largely intact this book identifies the purpose of the structure what it was making and the significance of this substance the world is dominated by an all encompassing hierarchical system that is in and of itself involved in a relentless pursuit of money and energy extracted from the masses so what is money it can ultimately be traced in root to an element known as gold it has been this way for thousands of years so why is gold the chosen foundational token propping up the global economy

in a book to fascinate pyramid fans an egyptologist and an architect attempt to solve the mystery of the great pyramid of giza s construction booklist a decade ago french architect jean pierre houdin became obsessed by the centuries old question how was the great pyramid built how in a nation of farmers only recently emerged from the stone age could such a massive complex and enduring structure have been envisioned and constructed laboring at his computer ten hours a day for five years creating exquisitely detailed 3 d models of the pyramid s interior houdin finally had his answer it was a startling revelation that cast a fresh light on the minds that conceived one of the wonders of the ancient world written by world renowned egyptologist bob brier in collaboration with houdin the secret of the great pyramid moves deftly between the ancient and the modern chronicling two equally fascinating interrelated histories it is a remarkable account of the step by step planning and assembling of the magnificent edifice the brainchild of an innovative genius the egyptian architect hemienu who imagined organized and oversaw a monumental construction project that took more than two decades to complete and that employed the services of hundreds of architects mathematicians boatbuilders stonemasons and metallurgists here also is the riveting story of jean pierre houdin s single minded search for solutions to the mysteries that have bedeviled egyptologists for centuries such as the purpose of the enigmatic grand gallery and the pyramid s crack the authors prose is lucid aided by drawings and photos and the theories are intriguing publishers weekly
